

American Heritage School Student Uniform Modifications
Effective Fall 2016 (Updated August 2016)

Please note the following general modifications to the student uniform policy, effective immediately. Please refer to the current uniform policy (available online) for complete details. These changes were carefully considered by the Uniform Committee, comprised of parents, teachers, and administrators, and approved by the Head of School.

General Uniform Modifications (Grades K-12)

- We have added a sentence to clarify that all male students are expected to wear the boys' uniform and abide by the dress and grooming standards set forth for boys, and that all female students are expected to wear the girls' uniform and abide by the dress and grooming standards set forth for girls.
- For boys K–12, while we have retained the grooming standard that hair should be trimmed above the collar leaving the ear uncovered, we have removed wording that hair must be “evenly tapered.”

High School Uniform Modifications

- New this year for girls in grades 9–12, in addition to nail polish which is transparent and natural, girls may also wear nail polish of the following colors: red, white, blue, brown, tan, gray, green, or pink. Girls may not wear nail polish of a neon color or patterns or accessories on their fingernails. All fingernails must be the same color.

Elementary School Uniform Modifications

- New this year for girls in K–6, leggings, socks or tights may be gray in addition to previously approved colors of black, navy and white.
- New this year for boys in K–6, socks may be gray in addition to previously approved colors of black, navy and white.
